Experience – Government

November 2005 Promoted to Director of Special Project Group 5 (Level
8 Officer)

November 2003 Office of Public Sector Development Commission,
Level 7

- Develop system framework for public sector application of Adaptive Process Management System (Beyond Budgeting) with emphasis on implementation: involving the integration of

strategy formulation and adjustment with strategy execution and iterative feedback of monitoring and evaluation, coupled with radical decentralization and relative performance contracting.

- Study, and prepare for implementation of innovative public sector efficiency and analysis tools: such as capital charging (a methodology of accounting for public sector utilization of assets), contestability of public services (including competitive neutrality analysis and ease/cost of market entry and exit), and public expenditure review.
- Ad-Hoc problem solving relating to public sector reform.
- Secretary of the OPDC Sub-Commission on Budgeting and Finance.

November 2002 Promoted to level 7 at Strategic Unit, Bureau of the Budget.

September 1995 Joined the Bureau of the Budget as a level 4 Budget Analyst, Office of Budget Policy and Information.

Direct Involvement at the Bureau of the Budget – Illustrative List

- Macroeconomic analysis as part of formulating annual aggregate budget ceiling.
- Develop Budget Reform policy as part of the cabinet approved Public Sector Reform Plan, leading to the World Bank Public Sector Reform Loan.

- Develop managerial competency standards (strategic planning, output specification and costing, internal auditing, procurement management, financial and performance reporting, financial management and fund control, and asset management) to support performance based budget system operating under devolved public governance system.
- Develop implementation strategy, and monitor progress of budget reform program.
- Prepare materials for senior BOB management for parliamentary sessions and local/international seminars, such as the OECD Bangkok Senior Budgeting Officers Meeting.
- Ad hoc problem solving in all areas of budget reform.
- Engage foreign institutions as such the World Bank and Asian Development Bank on behalf of the BOB in setting policy guidelines/matrix, monitor progress of loans and public sector reform, leading to the World Bank SIP and PSRL Loan Programs.
- Seek and secure foreign assistance, and manage technical assistance programs as the official Office of Budget Reform Project Coordinator, such as with AUSAIDS' Capacity Building Program (CBF), and World Bank assistance through ASEM I and ADF Grants.

Experience – Pre Government

1994 to 1995 Investment Consultant, Bangkok, Thailand

- Promoting investment in Thailand – Providing financial benefit analysis based on Board of Investment promotion privileges.
- Providing advisory services to foreign companies aspiring to secure Thai business contracts by

developing business environmental/risks analysis reports.

1993

Financial Analyst, Sequa Corporation, Florida, U.S.A.

- Operational efficiency and profitability analysis, including detailed analysis of financial statements and suggesting plausible solutions for financial performance improvements.
- Ad-Hoc financial problem solving for company compliance with SEC requirements.
