

Setting up Retail Business

Setting up Retail Business

Office of the Public Sector Development Commission

Preface

Government's role in setting up and operating business plays a key role in building up competitive advantage for the private sector and the country.

The Office of the Public Sector Development Commission (OPDC), with its mission to improve the operation of Thai public sector, recognizes the importance of public service on the country's economic activity. The "Setting up Retail Business" manual is one of OPDC's initiative to gather information on public service related to setting up and operate retail business in Thailand into a single source of information, which covers from the registering of the company to applying permits related to retail business which are scattered across various central government agencies and local authorities. The aim of this manual is for the business owner and those who are interested in setting up or related to retail business to have a correct information and a clear understanding on setting up and operating retail business.

OPDC has received a support and cooperation from various government agencies and representatives from private sector in drafting this manual and would like to express a deep appreciation for their kind support and cooperation.

OPDC wishes this manual will be beneficial to those who are interested in setting up retail business and would lead to an improvement in public service related to these processes in the future.

January 2017

Important Note

As details about setting up and operating retail business is complex and depending on several factors such as the size of the business premise or the products sold, this manual will cover only the main permits/registration to setup and operate retail business. Business owners should consult with related government agencies for any business-specific issues such as construction of business building in specifically controlled area or the sale of a particular product.

In addition, business owners should check with local authorities where the business is located as the authority to issue some permits has been decentralized to local authorities. Details, procedures, or processing time may vary from each authority.

Local authority where the business is located.

Dealing with Construction Permits

Ongoing Improvement

- In case of submitting land excavation and filling notification together with building construction or modification permit application, the applicant may submit only one set of similar supporting documents to reduce workload for preparing documents.

Future Improvement

- The submission of permit application will be done through the new Single Portal for Retail Business
- To cancel the submission of company's identification documents, e.g. commercial registration, company certificate, and value added tax registration, etc., when the databases of the Department of Business Development and the Revenue Department are integrated for company data verification
- To provide additional payment channels such as bank transfer and credit card payment

Future Improvement (Require Changes in Laws)

- To amend related laws and regulations to allow the applicant to submit documents in other formats, e.g. electronic files, in addition to hardcopies
- To amend related laws and regulations to prescribe local authorities to legislate municipal regulations for related permit application and release data to the public. Municipal regulations shall be consistent throughout the province.

Dealing with Construction Permits

After
Fiscal Year
B.E. 2560

Future Improvements (Require Changes in Laws)

- Requests related to licenses for Retail business can be submitted online via the new Single Portal for retail business
- Once the law and regulation allow the use of documents in electronic format, the applicant can submit technical documentation such as design and construction plan of storage tanks with gas piping and equipment and calculation report on stability and strength of the tank and gas supply in electronic format or in CD-ROM.
- Eliminate the submission of identification document such as national ID card or house registration upon completion of information integration to the database of the Department of Provincial Administration.
- Eliminate the submission of commercial registration certificate, partnership's registration, and VAT registration certificate upon completion of information integration to the database of the Department of Business Development and the Revenue Department for verification of juristic person/company information.

Ongoing Improvements (Under the Process of Changes in Laws)

- Drafting a new Ministerial Regulations for liquefied petroleum gas facility that allows business with gas storage more than 1,000 liters to apply for liquefied petroleum gas facility license/permit (according to Form Tor Phor Gor 1) which can install LPG tanks not exceed total capacity of 2,000 liters per location. For LPG tank installed in cluster, each cluster cannot exceed total capacity of 2,000 liters, pipe system must be separated in each cluster and the distance between cluster must not less than 20 meters from each tank cluster.

Dealing with Sale and
Operation Permits

Film and Video Office, Department of Cultural Promotion
Ministry of Culture

Film and video

Within
Fiscal Year
B.E. 2560

After
Fiscal Year
B.E. 2560

Ongoing Improvement

- Film and Video Office is developing a system to integrate license information and for online license application, expected to go live in B.E. 2560. The applicant should be able to record the application and submit the supporting documents through the system. When the application is approved, the operator shall contact the Department of Cultural Promotion or the Provincial Culture Office where the business is located, to present the national ID card for identification of the applicant, make payment and receive the original license.

Future Improvement

- To provide additional payment channels such as bank transfer and credit card payment

Future Improvement (Require Changes in Laws)

- The submission of license application is proceeded through the new Single Portal for retail business
- The license is valid until 31 December of the 3rd year from the year of issue.
- To reduce the duration of license consideration from 60 days to 30 days
- To combine film and video license applications into a single form
- Able to submit only renewal application; Other supporting documents are not required in case information does not change.
- To cancel the submission of personal identification documents, e.g. national ID card and house registration, etc., since the database of the Film and Video Office is integrated with that of the Department of Provincial Administration for personal data verification
- To cancel the submission of company's identification documents, e.g. commercial registration, company certificate, and value added tax registration, etc., when the databases of the Department of Business Development and the Revenue Department are integrated for company data verification

Ongoing Improvements (Under the Process of Changes in Laws)

- Reduce the validity of license from 5 years to 2 years
- Cancel the submission of certain supporting documents, i.e. photos and photos of business location

Operation Permits

Department of Livestock Development
Ministry of Agriculture and Cooperatives

Livestock and animal meat

Within
fiscal year
B.E. 2560

After
fiscal year
B.E. 2560

Ongoing Improvement

- Permit application form submission via Department of Livestock Development's E-movement system. After filing the application in the system, the applicant must submit supporting documents, make fee payment, and pick up permit in person. The Department is reviewing the application form in the E-Service system.

Future Improvement

- The E-movement process for permit application will be completed and then launch for operation in February 2017:
 - Payment can be made via bank transfer or at counter service
 - Integrate the system with the Department of Provincial Administration and eliminate the submission of a copy of national ID card
 - Reduce the submission of some supporting documents

Future Improvement (Require Changes in Laws)

- To accommodate the electronic signature
- To reduce the need to submit certain supporting documents such as a copy of national ID card

Animal Food

Points to Note

Type of Permit	Fee
Wholesales and Retail	300
Retail	100

The permit must be granted before the business starts its operation and the permit must be displayed in a conspicuous place at the business premise.

Qualifications of the applicant

- Be a business owner
- At least 20 years of age
- Has a resident in Thailand
- Not adjudged bankrupt
- Have never been sentenced to imprisonment as a result of corruption or offence under Feed Quality Control Act B.E. 2558
- Is not a person of unsound mind, incompetent, or quasi-incompetent person
- Have a place for a sale or storage of controlled animal food that meets the specification prescribed by the ministerial regulation

Related law and regulations

- Feed Quality Control Act B.E. 2558

Supporting documents:

- Application form for permit to sell animal food (Kor Sor 1)
- Copy of business owner's national ID card or other identification document of the applicant, a grantor, and a grantee (if any), 1 copy
- Latest permit (in case of renewal)
- Copy of passport (for foreigner), 1 copy
- Copy of work permit (for foreigner), 1 copy
- Copy of the commercial registration certificate or VAT registration, 1 copy
- Copy of the certificate of the company's objectives (document date less than six months) with authorized person's signature, 1 copy
- Map of the business location, 1 copy
- Copy of rental or lease agreement with stamp duty (in case of rented property) or letter of consent to use the place of business from owner, 1 copy
- Photograph of the business premise, 1 copy
- Letter of appointment to act on behalf of the business
- Power of attorney letter with stamp duty, copy of national ID card both grantor and grantee (if proceed by a grantee)

Lumber

Goods Made from Restricted Wood

Dealing with Sales and Operation Permit

Dealing with Sale and
Operation Permits

The Royal Forest Department Ministry of Natural Resources and Environment

Lumber

Goods made from restricted wood

Points to Note

- The Royal Forest Department oversees timber business in accordance with the Forest Act B.E. 2484 section 48¹ – the law prohibits unauthorized person to conduct manufacturing activity related to restricted woods including ownership of lumber more than 0.20 cubic meter within controlled area without permission. Business owner must comply with related law, ministerial regulations, departmental regulations, departmental announcement and the Royal Forest Department's policy. (note 1: Restricted woods as specified in the Forest Act B.E. 2484 section 48 - are such as, Teak wood, Burma Blackwood, Rubberwood/Parawood)
- According to the Royal Decree for Restricted Woods B.E. 2530, to operate a timber business and to possess and trade restricted wood, lumber, furniture, crafts, or any other product made from restricted wood, requires a permit. Once the permit was granted, the permit document must be displayed in a conspicuous place at the business premise.
- According to the Forest Act B.E. 2484 section 53 Tri, which prohibits unauthorized person to conduct manufacturing activity related to restricted woods including ownership of lumber with wooden type, size or quantity exceeds that that was announced by the minister. Business owner must comply with related law, ministerial regulations, departmental regulations, departmental announcement and the Royal Forest Department's policy. Moreover, the Royal Forest Department is responsible for governing, supervision and ensure that the operation of the authorized operators are in compliance.
- List of restricted wood can be found in the Royal Decree for Restricted Woods B.E. 2530.

For permit renewal, the applicant must submit the renewal application before expiration date of the permit. In case that the renewal application is made within 1 year after the expiration date, the applicant must provide an explanation together with the application. In the subsequent year, a late renewal will not be allowed and the application will not be granted. Moreover, if the permit expires for more than 1 year, the application will be rejected.

Dealing with Sales and Operation Permit

Dealing with Sale and Operation Permits

The Royal Forest Department
Ministry of Natural Resources and Environment

Lumber

Goods made from restricted wood

After
fiscal year
B.E. 2560

Future Improvement

- To receive inventory report of wood or product made from wood in electronic format or CD-ROM
- To integrate with the National Single Window (NSW) and extend to cover permit for lumber manufacturing and trading and permit for trading of goods made from restricted wood

Future Improvement (Require Changes in Laws)

- Requests related to permit for retail business can be submitted online via the new Single Portal for retail business and will consider process standardization between Bangkok and other provinces
- Issue permit and receipt directly from the system instead of writing
- Eliminate the submission of identification document such as national ID card or house registration upon completion of system integration with the Department of Provincial Administration.
- Eliminate the submission of commercial registration certificate, partnership's registration, and VAT registration certificate upon completion of system integration with the Department of Business Development and the Revenue Department for verification of juristic person/company information.
- Increase payment channel to bank transfer and credit card payment

Weighing and Measuring Instruments

Points to Note

- Any person who intends to carry on the business of selling weighing and measuring instruments shall comply to the following rules for the benefits from trading or exchanging such goods:
1. Shall submit notification to competent officer at the Central Bureau of Weights and Measures, the Weights and Measures Center or the Branch Office of the Central Bureau of Weights and Measures
 2. Shall be domiciled or resident in the Kingdom of Thailand; and in case of company, shall be registered or incorporated under Thai laws and have (an) office(s) in the Kingdom of Thailand
 3. Shall have ownership in or rights to use the property where the business operates, with a secure condition and useful space for the business
 4. Any person who carries on the business of selling weighing and measuring instruments without having previously obtained the license to carry on the business shall be liable to imprisonment of not exceeding 1 year, or a fine of not exceeding 40,000 baht, or both

Related Laws and Regulations

Dealing with Sale and Operation Permits

Bureau of Weights and Measures, Department of Internal Trade
Ministry of Commerce

Weighing and measuring instruments

After
Fiscal Year
B.E. 2560

Future Improvement (Start in B.E. 2560)

- To submit the notification to operate weighting and measuring instrument (selling) through an online system
- To provide additional payment channels such as bank transfer

Future Improvement (Require Changes in Laws)

- An online system for submission of the notification to operate the business is under development and the amendment of related ministerial regulation is in progress.
- To develop a new Single Portal for retail business for submission of the notification to operate weighting and measuring instrument business which will be in compliance with the soon-to-be-announced ministerial regulation.
- Able to proceed together with the business registration process. The Department is coordinating with the Department of Business Development on this improvement.
- To eliminate the submission of location identification documents such as ad house registration, when the system is integrated with that of the Department of Provincial Administration for personal data verification.
- To eliminate the submission of company's identification documents such as commercial registration, company certificate, and value added tax registration, etc., when the databases of the Department of Business Development and the Revenue Department are integrated for company data verification

Ongoing Improvements (Under the Process of Changes in Laws)

- The draft of the new ministerial regulation prescribing rules for the person operating the business related to weights and measures and registration for private mark registration is under consideration by the Office of the Council of State.

Dealing with Sales and Operation Permit

Local Authorities

Sale and storage of food

Health-hazard activity

Within
fiscal year
B.E. 2560

After
fiscal year
B.E. 2560

Ongoing Improvement

- The Public Health Act has decentralized responsibilities to local authorities in issuing the municipal regulations relating to the procedures for issuing permits, documentation/evidence requirement for permit application, criteria for consideration and fee/charges. Thus, the applicants must comply with the law/regulations and guidelines issued by local authorities where the business is located.

Future Improvement

- Requests related to licenses for Retail business can be submitted online via the new Single Portal for retail business
- For the applicant who request for more than one type of permit, the applicant can submit only one copy of supporting document that is duplicated
- Eliminate the submission of commercial registration certificate, partnership's registration, and VAT registration certificate upon completion of information integration to the database of the Department of Business Development and the Revenue Department for verification of juristic person/company information.
- Expand payment channel to cover bank transfer and credit card payment
- Request all local authorities to issue municipal regulations regarding the application procedure for all related permits and make such information publicly available

Modern Medicine

Dealing with Sale and Operation Permits

Ongoing Improvement

- FDA signed MOU with Department of Provincial Administration to integrate with the citizen database. Once it is completed, submitting identification documents such as national ID card or house registration will no longer be necessary.

Future Improvement

- Consider a possibility of license application through the new Single Portal for retail business
- Consider a possibility of requesting no supporting documents for the case of renewal if no information is changed
- Eliminate the request for juristic person identification documents such as commercial registration and VAT registration when the system is integrated with the Revenue Department and Department of Business Development
- Provide additional payment channels such as bank transfer and credit cards

Future Improvement (Require Changes in Laws)

- FDA is considering to outsource an inspection of the applicants' sites, to facilitate the applicant and reduce the time to issue the license

Selling product online

A business that sells goods via the internet, whether they are ordinary or juristic persons is required to register with the Office of the Consumer Protection Board under Direct Selling and Direct Marketing Act B.E. 2545 prior to the start of business.

“**Direct Marketing**” refers to the marketing of goods and services by way of communicating information for the purpose of offering sales of goods and services directly to the consumer who is in the distance with an aim to have each consumer to respond and to purchase of goods or services from the business.

Goods that are prohibited in direct selling and direct marketing

1. Drug under Drug Act B.E. 2510
2. Medical equipment under Medical Equipment Act B.E. 2531
3. Alcohol under Alcohol Act B.E.2493
4. Fertilizer under Fertilizer Act B.E. 2518

and other goods that are prohibited in selling outside specified premise of which the quality of goods are not appropriate for direct selling and direct marketing. However, there are some goods that are not appropriate for direct selling and direct marketing since they can be used for funding or investment in pyramid schemes and may be in conflict with laws that regulate the sale of such products such as gold bar, gold jewelry, diamonds, pebbles, lottery, alcohol, cigarette, or mobile phone sim card.

Dealing with Sales and Operation Permit

Dealing with Sale and
Operation Permits

Office of the National Broadcasting
and Telecommunication Commission

Radiocommunication equipment

Within
Fiscal Year
B.E. 2560

After
Fiscal Year
B.E. 2560

Ongoing Improvement

- Signing the MOU with Department of Provincial Administration to access information of applicants with reference to the national ID
- Link the system with Department of Business Development to verify company registration information
- Link the system with the National Single Window (NSW) of the Customs Department to verify import product information

Future Improvement

- Introduce payment channels in additions to electronic transfer payment and credit card

Future Improvement (Require Changes in Laws)

- Introduce the new Single Port for retail business
- Extend validity of permit to 3 years
- Reduce the duplicated supporting documents when the applicant applies for both 1) the permit to sell, offer for sale, or install receiver, apparatus, or device to receive programs from the subscription broadcasting business and 2) the permit to trade radiocommunication equipment and allow to submit both applications a the same time
- Eliminate the submission of the proof of identity for ordinary person such as national ID card and house registration through the system integration with Department of Provincial Administration
- Eliminate the submission of the proof of identity for juristic person such as commercial registration and company registration through the system integration with Department of Business Development
